2. ClinicalKey for Nursing: <http://elsevierresources.com/clinicalkey-for-nursing/files/2015/10/ClinicalKey-for-Nursing-User-Guide.pdf>

Logging in to ClinicalKey and ClinicalKey for Nursing

1. Via library website
 - a. Go to <https://www.dlshsi.edu.ph/academics/romeo-p-ariniego-md-library/online-resources/>. Click ClinicalKey or ClinicalKey for Nursing

For faculty and students

- Choose Microsoft Azure (Office 365) Sign in option
 - If this is your first time to use your Microsoft Office 365 account in the session, enter your Microsoft Office 365 username and password then click Sign in. Once signed in, you would be able to view the PDF or HTML full text.
 - If you have already signed in to the LMS, this will automatically redirect you to the PDF or HTML full text.

For interns, residents, and other members of DLSMHSI

- Choose OpenAthens sign in option. Enter the email used to create your OpenAthens account and your nominated password.

Choose how to sign in

- Microsoft Azure (Office 365) Sign in for DLSMHSI faculty and students
Sign in at De La Salle Medical and Health Sciences Institute
- OpenAthens**
Sign in for other members of DLSMHSI

2. Via OpenAthens portal
 - a. Log in to my.openathens.net.

For faculty and students:

Look up De La Salle Medical and Health Sciences Institute. Choose the Institute's names from the matching institutions listed. Enter your Microsoft Office 365 username and password then click Sign in.

Accessing Resources

3. Activate your account and enable Remote access. Activation of account is needed to download book chapters and export multimedia resources.

- a. Activate your account by clicking the Activate link and filling out the Activation Form.

The screenshot shows the 'ClinicalKey for Nursing' website. The top navigation bar includes the Elsevier logo, the text 'ClinicalKey for Nursing', and a user status indicator 'CE Logged in via De La Salle He...'. A dropdown menu is open, showing options: 'Activate' (highlighted with a red box), 'Remote Access', and 'Log Out'. The main content area features a search bar with the text 'Search for conditions, procedures, drugs, and more'. Below the search bar, there are sections for 'Browse' (Books, Journals, Clinical Overviews, Drug Monographs) and 'Tools' (Clinical Calculators).

Activate Personalization

You must complete the information below to activate personalized features on ClinicalKey.

* = Required. [Privacy policy](#).

Your details

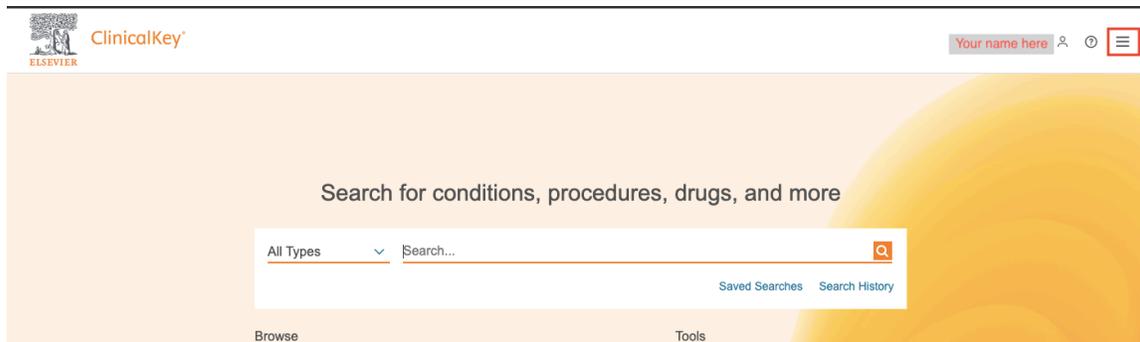

First name *

Family name *

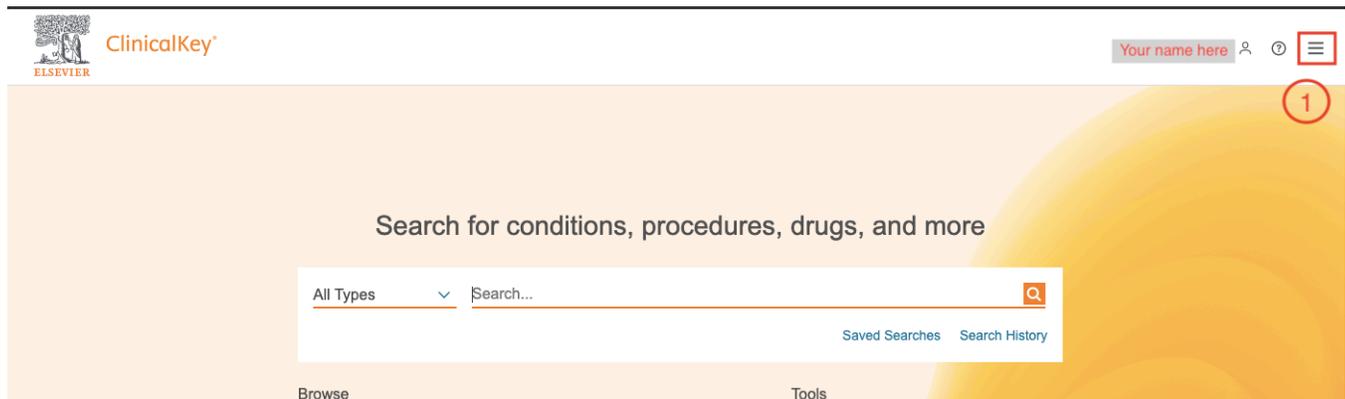

Email address *

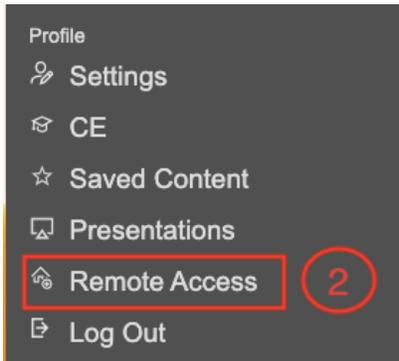

[> Additional profile details](#)

- b. You would know if you have successfully activated your account if you see your name in the upper right portion of the screen.

- c. Activate your remote access. Enter your institutional email and follow the instructions on how to activate it from your email.

Apply for remote access

If your institution has Remote Access enabled, this feature will allow you to access ClinicalKey even when you are not on your institution's network.

To begin, please input your institutional email address below. Remote Access is not compatible with a Yahoo, Gmail, or other personal email account. If you do not have an email address associated with your institution, please contact your institution's administrator to obtain remote access.

Email address 3

BOOK CHAPTER

Cervical Traction Maintenance

Jennifer Massetti
AACN Procedure Manual for High Acuity, Progressive, and Critical Care, Procedure 102, 911-916.e1

Purpose:

Once cervical traction has been established, the nurse cares for the patient who is immobilized on complete bed rest. Traction must be maintained on a continuous basis until realignment and stabilization with surgical management or orthoses is attained or healing is completed.

AACN Procedure Manual for High Acuity, Progressive, and Critical Care

6. Accessing journal article

- a. Search for the topic in the search box and set the resource type to Journal. You can also browse by journal title and refine by specialty or do a title search.
- b. Click the title to view the article. You may download the article in PDF if available, save in your folder, print, or mark as favorite.
